

January Newsletter 2015

Welcome back from Christmas Break!! The month of January is always a busy month with many fun winter activities. As part of our Nature to Nurture component we explore the outdoors during the various seasons. Weather permitting we will be going for daily winter walks, planning a tobogganing party and looking for animal tracks in the snow.

The classrooms were busy over the break setting up some new centres for the children. The Forest Friends have set up a gross motor center, Doctor's office and a winter North Pole center. The class will be going on a field trip to Pizza Hut and will be having a special "Frozen" day. Watch parent board for details.

The Jungle Room is enjoying a winter camping centre. Along with the camping centre the children will be baking, and crafting with a winter theme. Watch for their creations.

We would like to extend a warm thank you to all our families who helped with our Adopt a Family. It made a huge difference for a family that needed some Christmas magic to believe in. Mother Nature's Preschool is very blessed to have such an amazing caring, generous group of parents and staff.

Thank you so much for the many cards, treats and gifts that were brought to the school as well. We were spoiled and felt truly appreciated.

Some housekeeping notes:

- Please write your child's name on their winter gear.
- We will be closing for a professional development day over the February break on Friday the 20th. We will also be closing this year for the month of July so the district can do floors, routine maintenance and also for staff to take vacation time.

In closing if you have any questions or concerns please speak to any of the teachers at any time. It is our goal to create an environment where our families feel supported.
